Canadian Wants to Visit Torrance During Winter

Editor, Torrance Herald
I received part of a Torrance Herald sent by old friends, that is how I have name and address of your newspaper. There was no ad section in the part I received. I promised that some day I would visit these friends and

would like to spend some months in California—going November of December. I would not want to impose on friends. I would like to find a small efficiency apartment or room with lighthousekeeping privileges with a Christian family within walking

distance to the Baptist or a Community church.

I am a widow and a grandmother, abstainer, and a non-smoker.

Does Torrance have a YWCA and do they take in travelers for a week or two? If I could have a room at the YWCA for a week or two, I could then perhaps be able to find a room. I want to have a trustworthy place to go when I arrive.

I would appreciate any advice or help you can give me. I have heard of California, especially Torrance, for many

years and I am hoping, God willing, to see those wonderful snow-tipped mountains and Torrance.

—LILLIAN LEISHMAN
Toronto, Ontario

Governor Brown continually demands that Richard Nixon should repudiate the two Republican congressmen, Reusslet and Heistand, because they belong to the John Birch Society. I do not believe that membership in the John Birch Society should be grounds for Richard Nixon, or any other political

leader, withholding support from a candidate for public office.

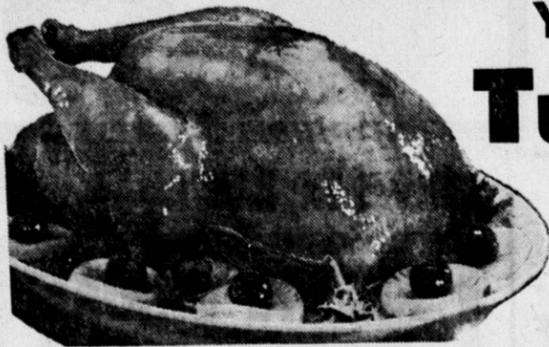

The only time I think that a political leader is justified in withholding political support on the grounds of a candidate's membership in a political club or society is when the group in question is subversive.

The only thing that is questionable about the John Birch Society is Robert Welch. Mr. Welch's insane remarks in his "private letter," The Politician, have been denounced

by both Mr. Reusslet and Mr. Heistand, so that should settle that argument.

Why doesn't Richard Nixon demand that Pat Brown denounce the CDC members? He should, because this group danger to the U. S. that the Birch Society is. Which group wants to abolish the House Committee on Un-American Activities? The CDC. Which group wants to admit Red China to the UN? The CDC. Need I say more?
—Mr. Ronald Scarlata.
